

Senior Healthcare Support Worker: Mental Health Support

Level 3

21 Months Total Programme
Length

Apprenticeship Overview

The mental health support pathway of this apprenticeship is ideal for registered practitioners across environments such as hospitals, community centres, residential homes, and specialised facilities like hospices or prisons. They are individuals committed to the field of mental health, aiming to support individuals through various stages of their mental health journey, including treatment, management, and recovery.

This programme is designed to equip senior healthcare support workers specialising in mental health with the skills and knowledge required to excel in this area. By fostering a deep understanding of mental health issues and recovery processes, our apprentices will be empowered to make a profound impact on the lives of patients, whilst also enhancing their own career within the healthcare sector.
